VIOLA S.T.P. UPGRADE SLUDGE LAND APPLICATION

AMENDED PROJECT NARRATIVE

The project consists of the removal of sanitary sewage sludge and land application of sanitary sewage sludge from the existing Viola S.T.P. lagoon, which consists of an approximate 11 acre facultative cell constructed in the early 1960's. The Village of Viola proposes to construct an approximate 2 acre temporary treatment cell, leaving the balance of approximately 9 acres of the existing lagoon, which is estimated to have a depth of approximately 1' of sludge throughout.

Contractor shall be responsible to verify the actual quantity of sludge for the basis of his bid. Farmland exists immediately adjacent to the site and the Village has obtained permission from two land owners, the Wynes and the Moore's to land apply the sludge from the Viola S.T.P lagoon.

Irregardless of the assumed quantity of sludge, the Contractor/Bidders Lump Sum bid shall cover all of the sludge clean-out and Land Application required.

There will be no additional payments made for quantities of sludge that exceed the Village's estimated quantity of sludge for this contract.

The temporary treatment cell shall be constructed by others and it is assumed that there will be sufficient lead time to allow the Village to draw down the water level in the remaining 9 acres of the existing lagoon to facilitate the sludge removal & Land application process.

Information included in the Bid Package Includes copies of:

- Technical Specifications
- IEPA operating permit
- Sludge analysis
- Soil Map & Classifications
- Plat Map
- Location Map

BIDDER agrees to perform all the work described in the CONTRACT DOCUMENTS for the following lump sum:

LUMP SUM PRICE.....\$ _____

BIDDER understands that the Owner reserves the right to reject any or all bids and to waive any informalities in the bidding.

The BIDDER agrees that this bid shall be good and may not be withdrawn for a period of 90 calendar days after the scheduled closing time for receiving bids.

Upon receipt of written notice of the acceptance of this bid, BIDDER will execute the formal contract attached within ten (10) days and deliver bonds as required.
